

KAISER PERMANENTE UROLOGY

RISE: Representation and Inclusion in Surgical Education
Enhancing Diversity in the Field of Urology

2024 RISE Scholarship

The Urology Residency program at Kaiser Permanente, Los Angeles, is committed to fostering and promoting diversity, equity, and inclusion. As part of this mission, we are offering a sponsored 4-week long Sub-Internship to urology applicants with a background underrepresented in medicine. The goals of this scholarship are to encourage applicants interested in our training program to engage in an immersive month-long experience where you will function as a member of our team with extensive mentorship and operative and clinical exposure.

In an effort to reduce the financial burden that might otherwise discourage applicants from applying, we are providing a fully-furnished one

bedroom apartment adjacent to the hospital free of charge, as well as full coverage of travel costs and on-campus meals.
